

Guest Name Checklist

Eighty names for the two Phase One seating plans. Use the **same list on both boards** — it is one fictional wedding shown in two design families, so the guest list should match.

Tick each name as it is placed. **MM** = Minimalist Mono (MM-SEAT-A1), numbered tables. **EU** = Eucalyptus (EU-SEAT-A1), botanical table names shown under each block.

Longest lines: Alexandra Kingsley-Moore, Amelia Fitzgerald-Barnes. **Shortest:** Joe Marsh, Beth Rowe, Max Ellis, Tom Ashby. If the layout holds both without looking uneven it will hold a real customer list.
